**TOP 5**  
Our pick of products new to market

WORDS BY  
EMILY MARTIN

**1 Smartbox by GROHE**  
An extension to the SmartControl shower line, this is part of the 'push, turn, shower' experience. The new Smartbox offers a concealed behind-the-wall installation, with both spray faces on the showerheads and units now available in white. Users have finger-tip control of the head and hand shower's different spray patterns and water flow rate. [grohe.co.uk](http://grohe.co.uk)

**2 BetteLux Oval by Bette**  
New to the Bette range is a circular, built-in basin. It features an 8mm rim using state-of-the-art manufacturing expertise in forming technology and skilled craftsmanship to produce a visual lightness in finely glazed titanium-steel. It comes in various colours and matt shades, with matching baths. [bette.co.uk](http://bette.co.uk)

**3 Moving Walls by Phusei**  
Being sold exclusively in the UK through Phusei, this is the new generation of mobile, magnetic, writable surfaces. Each wall provides 4 sq m of double-sided surface space, with each unit inter-connectable for straight or curved configurations. Three casters and an optimised weight allow work on both sides simultaneously. [phusei.com](http://phusei.com)

**4 All Grain Noir by Edelman Leather**  
A new finish achieves a metallic-plated look for this leather range while complying with stringent upholstery abrasion standards. A special finishing effect provides chromatic intensity with deep undertones, highlighting the distinctive grain, while also being suited for high-traffic applications. The range is available in nine colours. [edelmanleather.com](http://edelmanleather.com)

**5 Recharged by Royal Ahrend**  
Designed by Dutch designer Basten Leijh, this seat doubles as a wireless charging station for up to three mobile devices. Ideally suited for lounges and waiting rooms, it features a durable HI-MACS centre with induction technology, for wireless charging, supplied by ZENS. The upholstery is by Kvadrat and available in many colour options. [ahrend.com](http://ahrend.com)
